

D579* LOUVRE WITH INSECTSCREEN

AIR MANAGEMENT SYSTEMS

PRODUCT PROPERTIES

Round external louvre with insect screen .

- Stainless steel construction for wall mounting.
- For exhaust and supply.
- With connection bush, clamp fixing and wire gauze.
- D579*** with horizontal slats and 3x3 insect screen
- D579***-L with 10x10 insect screen
- Material: Stainless steel 304/2B.
- Louvre is packed in a transparent bag.
- Including 2 stainless steel screw and a EPDM sealant.
- Pressure loss Report B1446

PEUTZ

MOUNTING INSTRUCTION

Mounting is with sealing when the facade for the installation of the grid is completely level. When installed on an uneven surface, for example masonry with joints, fixing of the grid takes place without the rubber seal. For this, the edges are sealed with silicone.

Every 3 Months the screen should be cleaned to prevent clogging!

Important notice: Although the louvre is made from Stainless steel 304/2B; due to local circumstances such as air pollution, rain, industry, traffic, climate such as sea-area, used building materials such as for the wall, temperature influences and possible chemical reactions caused by previous mentioned the material of this louvre is not free from possible corrosion.
